Logan 2009 Chardonnay

CAMPBELL MATTINSON
Winefront Monthly
October 2010

Rated: 90 Points

This wine is grown at 930 metres above sea level - which is pretty damn high in Australian wine terms. Safe to say it would be cool up there. It's a chardonnay of good dimension too. It's a mouthful of grapefruity, lemony, nectarine-like flavour. Smoky oak adds a nice sense of complexity. Pretty good stuff.

Drink: 2010 - 2013
